

SOUND EVENT

LIVE SOUND SERVICES

Based in north Bucks, Sound Event provides live sound equipment and skilled engineering for all indoor and covered outdoor events.

Got a gig, but your band's PA is too small?
Solo artist needing extra wattage for that big break?
Wedding speech? Corporate entertainment?
Conference? Church choir? Sound Event provides the equipment and the know-how to ensure the sound at your event is clear, carries and can be heard at the back.

With experience of powering live sound for musicians, bands, parties, sporting events and more, Sound Event have the experience and equipment for any occasion. We have provided live sound for several big name performers, and can cater for audiences from 20 to 2000 people. Larger events, including festivals, can also be covered by special arrangement.

events*

UNOBTRUSIVE, OBLIGING AND FOCUSED ON YOUR REQUIREMENTS

An experienced sound engineer connects with the performers and responds to their personal preferences. This brings professionalism to the whole event.

BANDS, MUSICIANS, PUBLIC SPEAKING, WEDDINGS, FUND-RAISING, CORPORATE EVENTS...

...in fact, any occasion where you want to be heard. Sound Event can project your sound throughout your venue, and with HiFi clarity.

Whatever the occasion, and no matter what the size of the crowd, Sound Event have the equipment and expertise to ensure you're heard.

YOUR SOUND QUALITY CAN MAKE OR BREAK YOUR EVENT

It's a fact that poor sound can spoil your event. Too loud, too quiet, whistling feedback, distorted vocals - people will notice poor sound and comment on it. Sound Event uses only the highest quality, professional equipment. If you want people to talk positively about your event - make sure they can hear it.

Sound Event's sound engineer will ensure our equipment is working at peak performance. Mackie, Allen & Heath, Shure...we use only the best.

Whatever the venue, whatever the event - contact Sound Event.
